

MISE EN SITUATION

GrandPad Tablet

The purpose-built tablet for seniors

“Smartphones are designed by 30-year-olds for 30-year-olds,” said Scott Lien, GrandPad’s CEO and cofounder. “We set out to design a product from scratch for someone who is 80.”

GrandPad is a tablet computer that digitally connects a senior to their family and friends.

Video & Phone Calls: keep in touch with only those you trust – no spam or robocalls!

NEW! Zoom Multi-party Video Calling: connect for parties, community activities and more
Internet, Music, Photos, Games, Radio, Email, Camera...
