

Jungle - Emma LOUISE – DRUMS

KICK only In a dark room we fight, make up for our love
KICK only I've been thinking, thinking about you, about us
KICK only And we're moving slow, our hearts beat so fast
KICK only I've been dreaming, dreaming about you, about us

Hey, hey, hey, hey
TOMS My head is a jungle, jungle
TOMS My head is a jungle, jungle
TOMS My head is a jungle, jungle
TOMS My head, oh

KICK only I was speaking soft, see the pain in your eyes
KICK only I've been feeling, feeling for you, my love
KICK only And our bodies are tired, our shadows will dance
KICK only I've been aching, aching for you, my love

TOMS My head is a jungle, jungle
TOMS My head is a jungle, jungle
TOMS My head is a jungle, jungle
TOMS My head, oh

BRIDGE

NO DRUMS My love is wasted, sorry for this I never meant to be,
hurting ourselves, hurting ourselves
And I'm complicated, you won't get me, I have trouble,
understanding myself, understanding myself
TOMS And my love is wasted, sorry for this I never meant to be,
hurting ourselves, hurting ourselves
And I'm complicated, you won't get me,
I have trouble, understanding myself, understanding myself

TOMS My head is a jungle, jungle
TOMS My head is a jungle, jungle
TOMS My head is a jungle, jungle
TOMS My head, oh oh, oh, oh oh...
